Reading Circle pins were awarded to the following pupils: Helen Pachay, Helen Syster, Ruth Panowski, Eleanor Mortenson, Robert Dickson, and Catherine Bettger.

Faust writing certificates were presented to seven pupils: Gertrude Hughes, Elizabeth Gaston, Catherine Bettger, Corrine Mooney, Eileen Osmond, Betty Warriner and Donald Snyder.

LAKE REGION GROUP TO MEET AT CEDAR CREST CLUB SUNDAY

Members of the Chain O'Lakes Plan commission and of the C. C. and M. Improvement association will hold a meeting at Cedar Crest country club Sunday, May 27, at 10:00 a. m., central standard time. It was announced this week by members of the organizations named. The purpose of the meeting, it is understood, is to discuss ways and means for the improvement of the entire region, and to take up the matter of the Fox river dam, which has been the cause of much controversy.

On January 13, last, a meeting was held in Chicago with a view to merging the two associations and also including the Fox Lake Improvement association, and committees were appointed to work out the details of such a plan. W. H. Gifford, Wm. Oetting and George E. Mason being the committee representing the C. C. and M. Improvement association, and E. M. Runyard, H. T. Minersman and A. H. Franzen acting for the Chain O'Lakes Plan commission.

Everyone interested in the improvement of the entire lake region is invited to attend the meeting at Cedar Crest Sunday morning.

NATIONAL TEA CO. OPENS STORE IN BROGAN BUILDING

The National Tea Co., well known company operating a chain of modern grocery stores in Chicago and suburbs, will be ready for business in Antioch Friday, it was stated today by Manager Sorenson. The new store is located in the Brogan building, formerly occupied by the S. H. Reeves drug store.

**LADIES TO MAKE AND SELL
DOUGHNUTS AT WETZEL'S**
The Ladies Aid of the M. E. church will make and sell doughnuts at the Wetzels Chevrolet Sales on Tuesday afternoon.

"ON FAME'S ETERNAL CAMPING GROUND"

Chicago Dentist Will Locate Here

Dr. Herbert F. Jahake, dentist, with Chicago offices at 4747 Milwaukee avenue, where he has been located for several years, has decided to locate in Antioch and has rented the rooms on the second floor of the First National Bank building. Dr. Jahake expects to be located in his Antioch office and ready for patients by June 1.

A. B. C. ADOPTS NEW CONSTITUTION AND BY-LAWS AT MEETING

President Kutil Appoints
Committees; Mayor Tells
of Village Plans.

A new constitution and a brand new set of by-laws were adopted by the Antioch Business club at the regular monthly meeting Monday night at the M. E. church where the Aid society of the church served a fine chicken dinner to the twenty-seven club members present. The new documents adopted by the organization are to replace the ones "lost, strayed or stolen," and under which the club has been governed for the past four years.

The important matter of collecting dues was stressed by club members as a necessary action if the organization is to function properly and continue to be a power for community advancement.

President Kutil introduced new club members and appointed his committees for the year. Improvement plans for the village were told by Mayor S. E. Pollock, who discussed the water situation, sewer extensions and the building of new sidewalks. At the present rate of growth it will not be long until the village limits will have to be extended, according to the Mayor. It seems to be the general sentiment that the Business Club will co-operate with the village board in any movement for the advancement of Antioch.

FIRE AT CHANNEL LAKE DESTROYS IMPLEMENT SHED

Spontaneous combustion starting in a pile of oily rags was the cause of a blaze that completely destroyed an implement shed at the Homer Case home at Channel Lake Wednesday afternoon. The Antioch firemen protected nearby buildings but they could not save the implement shed. The building and contents were covered by insurance, it is said.

A second fire call at 5:50 last evening was to the home of Lee Middendorf where a Ford sedan belonging to N. J. Metzler of Waukegan, was found in flames. Mr. and Mrs. Metzler had just arrived from Waukegan to visit Mr. and Mrs. Middendorf, when the car caught fire. The firemen put out the blaze and the damage to the car was repaired.

One of the longest trips made by the fire company in several months was late Sunday afternoon when a call came from the extreme end of Indian Point on Fox Lake. A roof fire, that had been the cause of the alarm, was extinguished when the firemen got there.

APPROPRIATE SERVICE DECORATION DAY WILL HONOR SOLDIER DEAD

Appropriate services will be held here next Wednesday, Decoration day, the program being planned by the Daughters of the G. A. R., with the American Legion post and Legion Auxiliary chapter co-operating.

The line of march will be formed at the grade school building at two o'clock p. m. In the line of march headed by a band will be the G. A. R. veterans, Daughters of G. A. R., school children, Boy Scouts, Legion Auxiliary and the American Legion men. Proceeding to Hillside cemetery, a service in honor of departed heroes will be held and school children will decorate the graves of veterans of all wars. The local Legion firing squad will fire a salute.

A good speaker has been engaged to make the address.

Commercial Department Makes Fine Showing at Conference Meeting

The commercial department of the high school has developed rapidly under the direction of Miss Sigworth after moving into the new building. At a recent contest the schools of the Northwest Conference received the following points:

Bookkeeping Team, First Year—Dorothy Hughes, Amelia Bernolte, and Ruth McCorkle.

Vain Search for Motto

London, the heart of the British empire, is one of the few big cities of the world that has no motto. For many years now the London county council has been diligently striving to find one. A subcommittee of the general purposes committee, which had the matter in hand for nearly fifteen years, has given it up as a bad job.

SATURDAY IS POPPY DAY

Saturday, May 26, is Poppy Day. Members of the American Legion Auxiliary will have charge of the sales here on that day. Proceeds from the sale of poppies everywhere are to be used for the benefit of disabled veterans. The local Legion post and Auxiliary chapter have this year received a consignment of 1000 poppies to be sold in this locality. The flowers were made by disabled soldiers and sailors who are in government hospitals.

"Wear a poppy," the little flower that recalls so vividly the sacrifices made by the American soldiers on Flanders Fields ten years ago.

COUNTY POSTS \$1000 REWARD FOR THREE IN BECK KILLING

Search Renewed for Missing Killers; Two in Jail at Waukegan.

The board of supervisors of Lake county will pay a reward of \$1,000 for the capture or information which will lead to the capture of the three negro fugitives, wanted on charges of having taken part in the murder of Wm. Beck, Jr., a farmer living near Lake Villa. Two accomplices in the murder and robbery are now under arrest and have confessed the parts they played and have furnished the authorities with descriptions of their three companions.

At the same time Co. Smith mailed a check for \$100 to Capt. Daniel Lynch of the Maxwell street station, Chicago, whose men arrested two of the murderers.

There were five in the entire party according to the confessions. Three staged the robbery-slitting and two were posted along the road to sound the alarm.

Two Held at Waukegan
Dominick Bresette, 30 years old, an Indian chief at the LaPointe, Wis., reservation and John Brown, colored, 40 years old, 3652 Indiana avenue, Chicago, are now being held on charges of having murdered Beck and robbed the Beck home. They were arrested last Thursday night by the police at the Maxwell station in Chicago some 24 hours after commission of the crimes. Bresette and Brown were kept at the Maxwell station until Tuesday afternoon when they were taken to the county jail in Waukegan by Chief Deputy Fred Brown and Deputy Geo. Heckinger.

"I am ready to take my medicine," Bresette told the deputies while enroute from Chicago to Waukegan. The fellow who did the actual shooting is still at liberty. His real name, according to Capt. Lynch, is Clifford Pauchamp, but he is generally known as Clark. He is called Cliff, Claude and Clark.

The two men who drove the trio to Lake Villa and patrolled the road are also at liberty. They are in Chicago and all negroes.

"Trolleys"

Both French and German contain verbs resembling "trolley," and have the meaning of "rolling" or "rambling." The word "trolley" was coined in England, and was first used in the sense of a "land cart" and then of a "truck."

Grade School Teachers Are Re-employed

Grade school teachers for the coming year have been re-employed as follows: W. C. Petty, principal, 8th grade; Miss Dorothy Patterson, 7th; Miss Mary Hynek, 4th; Miss Elizabeth Tonton, 2nd; and Mrs. Lux, primary. Miss Ida Haas, teacher, of 5th and 6th grade, will teach at Pontiac, Ill., next year, and Miss Ius Royal, of Champaign, has been employed as teacher of the 5th grade. Miss Maude Pierce, teacher of the Opportunity room, will teach in Milwaukee next year. Miss Julia Stricker, of Middleton, Wis., will teach the third grade next year. Teacher for the sixth grade has not been employed.

There will be a teacher for each grade next year as more room will be available, and the Opportunity room is to be discontinued.

Amateur Boxing Bouts Will Be Staged at the Antioch Palace Soon

Illinois Boxing Commissioner Is to Be Promoter of Bouts.

George "Jabber" Young, of more or less fame as a leather-pusher during the heyday of his prime, boxing promoter, referee, and member of the Illinois boxing commission, has been retained by Richard Macek to stage amateur boxing bouts at the Antioch Palace, the first card to be held in the very near future. It was stated by the Palace management today. Young is the promoter who has been staging the bouts at McHenry with great success.

The Antioch Palace, largest recreation auditorium in Northern Illinois, is ideal for a boxing show, and the staging of bouts here has been contemplated for many months. It is the intention of Mr. Macek to have his promoter engage the best talent obtainable for the bouts, and to have the shows conducted in a clean and sportsmanlike manner. According to Mr. Macek and Promoter Young some days of real sport are ahead for the boxing fans of this locality.

School Exhibits Show Progress in Year's Work

All the work of the past year done by the grade school students was exhibited last Friday afternoon and evening. Each room displayed the work of the students in that room. The progress of penmanship was interestingly displayed with specimens of each child's writing, first at the beginning of the school year and then a sample of it taken now at the close of the school term. Arithmetic and spelling papers, also were hung up for inspection by the parents. Many interesting booklets on birds, biographies of famous men and special study booklets in such subjects as iron, steel, health and fruits were shown in the 7th and 8th grade room. Miss Pierce showed in her room the books used in the banking system which her students had used during the year.

One could have spent the whole afternoon and evening in either Mrs. Lux's room or in Miss Tonton's room. Their special drawing work which represented all the months of the year covered all the walls. Mrs. Lux had on display a miniature circus, all the animals being made by the children. Also a farmyard, with its shocks and hay stacks, was made by the children at harvest time at the beginning of the fall term. Miss Tonton's students had made a Japanese village, all the people showing a great deal of care and originality in their make, and the village itself containing a pond over which one of their picturesque typical Japanese bridges reposed.

A large number of parents and friends of the school attended the exhibit and all voiced their appreciation of the work that had been accomplished by the teachers in advancing the students along the paths of knowledge.

BOYS AND GIRLS SERVE AT MOTHERS' BANQUET

The Mother's and Daughter's banquet served at St. Ignace's parish house Friday evening, was well attended. The girls had prepared the dinner and the boy scouts and cub scouts served it.

Dr. George H. Thomas of St. Paul's Episcopal church, Chicago, was the speaker of the evening. The guests joined in the singing and the gathering was a very happy one.

HIGH SCHOOL BASE BALL TEAM COPS 3RD CONFERENCE TITLE

Locals Have Won Three
Trophies in Four
Years.

For the third time in four years the Antioch high school base ball team has won the championship of the Northwest conference, thereby adding another trophy to the large collection at the local school.

The first year of conference competition Waukegan won the trophy, but the last three years Antioch and Arlington Heights have been fighting it out for first place with A. T. H. S. the winner every time.

This year the team has won five conference victories without a loss, with one game yet to play. Of the two non-conference games played, one was a victory over Wilmet while Waukegan handed the locals their only defeat.

Watson's Secret Formula
The large collection of athletic trophies at the high school, a considerably larger collection than that of any other school in the Northwest conference, is something to be proud of, and the emblems of victory speak volumes for the work of Coach L. R. Watson, who seems to possess the faculty of making champions of the many teams of athletes who have been in his care. Watson's secret formula for making champions out of raw material has not been made public, however, it has been rumored that L. R. "knows how." The advertising that has come to Antioch through the conquests of the high school's athletic and other teams has a definite and tangible value to the entire community. It is believed that the community perceives this and is duly appreciative. Anyway, "here's how" to Coach Watson and his conquering athletes.

LARGEST CLASS IN HISTORY PREPARES FOR GRADUATION

Commencement Exercises
Will Be Wednesday,
June 6.

Twenty-seven candidates for graduation, the largest class in the history of the Antioch Township high school, are preparing commencement on Wednesday, June 6.

Dr. Wm. Davidson, president of the Illinois Wesleyan University, will make the commencement address. Pres. Davidson comes here with an excellent reputation as a public speaker, and all who attend the commencement exercises are assured of hearing an address that no one can afford to miss.

The boys' and girls' glee clubs will be assisted by the orchestra in furnishing the music for the evening.

Robbers Pose as Phone Employees; Company Warns Householders

The arrest a few days ago in Chicago of a man who had robbed a number of houses after obtaining admission by posing as a telephone installer has prompted the Illinois Bell Telephone Company to issue a warning to the public not to admit to their homes persons claiming to be telephone employees unless they show identification cards.

Every employee of the Illinois Bell Telephone Company, who in the course of his work is required to enter a telephone subscriber's home, is provided with an identification card bearing his photograph, and the company urges householders to require persons claiming to be telephone employees to show this card before being admitted.

A DELICIOUSLY "CRUNCHY" DESERT which is sure to delight the children is Peanut Brittle Delight. To make it, beat one cup of heavy cream and fold in one cup dried, sliced Hawaiian pineapple, one and one-half cups boiled rice, three-fourths cup crushed peanut brittle, eight chopped marshmallows, and one-half cup pineapple syrup. Chill and serve piled in a sherbet glass.

FRUIT TARTS FOR SUMMER seems particularly appropriate. Here is a filling recipe which is new and destined to be popular. Cook one cup ground pressed figs in two cups water until soft and thick like jam. Add one and one-half cups crushed pineapple (canned) and syrup, six tablespoons of sugar and one tablespoon flour mixed together. Pour in two slightly beaten egg yolks. Cook until thick, stirring constantly. Cool. Put into previously baked tart shells and garnish the tops with whipped cream. This recipe makes about twenty-four small tarts.

TOASTED MUSHROOMS may be made of marshmallows just as well as real mushrooms, says this recipe: Slice bread and cut out eight rounds the size of a pineapple. Saute the bread and eight slices of pineapple in butter until a golden brown, then place a circle of pineapple on each slice of bread. Mix one package of cream cheese, six tablespoons peanut butter, a few grains of salt and enough pineapple syrup to moisten. Spread thickly on the pineapple slices and top each one with a marshmallow. Place under the broiler until marshmallows are slightly browned but not melted. This will preserve the mushroom effect.

BERRY MINUTE TAPIOCA

1 pint berries
1/2 cup minute tapioca
1 tablespoon lemon juice
1 teaspoon butter
1/4 teaspoon salt
3 cups hot water or berry juice.
Crush berries, sweeten to taste, let stand 1 hour. Cook minute tapioca, sugar, butter, and salt in hot water or juice for 15 minutes, using top of double boiler. Remove from heat; stir in berries and lemon juice. Chill until firm. Serve in sherbet glasses with sweetened whipped cream, garnish with whole berries. Makes 8 portions. Any sort of canned berries may be used. Berries should be drained, sugar omitted, juice to replace part of water.

MAPLE WALNUT TAPIOCA

1 pint milk
1-3 cup minute Tapioca
1 cup maple syrup
1/2 teaspoon salt
1 egg
2-3 cup walnut meats, chopped fine.
Scald milk in double boiler. Add Minute Tapioca, maple syrup, and salt, and cook 15 minutes, or until clear, stirring frequently. Pour small amount of mixture slowly over slightly-beaten egg yolk, stirring vigorously. Return to double boiler and cook until mixture begins to thicken like custard. Cool. Add walnuts, and fold in stiffly beaten egg whites. Serve in sherbet glasses, garnished with nut halves and whipped cream, or with top milk. Serves 6.

AFTERNOON TEA COOKIES

1 cup sugar
1/2 cup lard
1 egg
1/2 teaspoon salt
3/4 cups flour
3 teaspoons baking powder
1 teaspoon vanilla
Marmalade or jelly
Mix sugar, melted lard, slightly beaten egg and salt. Sift flour and baking powder together and add alternately with milk to mixture. Add vanilla. Roll dough thin and shape with cookie cutter. Cut out centers of one half of pieces. Put two pieces together, one of each kind, pressing edges together. Bake 20 minutes in moderate oven (320 degrees F.). When cool, fill centers with jelly or marmalade. To make some of the cookies dark, divide dough in half before rolling and add 3 tablespoons of cocoa to one portion.

A HOME-MADE HAIR DRYER

Here is one of the quickest and at the same time the most beneficial ways of drying the hair at home.

With a 75 or 100-watt nitrogen lamp tied or held to the handle of a clean, shiny dipper for a reflector, enough heat is concentrated to quickly dry the heavy or light head of hair. There is much more benefit from the heat of a lamp to the head than the heat of a radiator or air dryer. The prominent hospitals of our country apply 1,000-watt lamps to operation incisions to promote a quicker replenishment of red and white cells of the blood for the purpose of healing. The expensive sanitarium applies these light rays to its rheumatic patients with marked success. It is not the heat alone which cures, but the powerful force of the light rays themselves which have a deep penetration.

Light rays have been found to have a marked stimulating effect on the scalp, lessening dandruff, and toning up the roots of the hair to prevent further falling.

Very gentle massage given to the scalp at the point where the rays are being applied is a great aid to the tonic effect.

An Inner Tube for Packing Uses

Old inner tubes strong enough to hold air, yet not substantial enough to withstand great pressure necessary for riding make excellent packing aids for moving time. Glassware, bric-a-brac, pottery, etc., will come through safely, even with the rough handling of shipping. If an inner tube is wound around it, and the other spaces in the box filled with newspapers.

The inner tube, if suffering with a blowout, can be cut at this point, and the remaining good part tied firmly. In cases of fever these long tubes can be filled with ice to be placed by the body of the patient to cool him, him, or with hot water to warm him. On the automobile tour the damaged inner tube can be cut so that the good remaining part can be tied and made into a good hot water bag, filled with hot water from the radiator. In case of cramps, shock from accident, or neuralgic pain, this is a valuable aid.

A patched inner tube which will hold air makes a good animal trainer for dogs or cats to jump through. They will not be injured by the tube as they might be by wooden hoops or metal ones, hence fear will be done away with in the training.

World's Population

The population of the entire world is estimated, roughly, at 1,800,000,000. The population of China, estimated in the same manner is 300,000,000. Thus about one-sixth of the world's population is in China. The population of India is also about 300,000,000. One-third of the population of the world lives in China and India.

TO TAKE WHITE SPOTS FROM FURNITURE

An old remedy which was new to so many is the use of hot camphorated oil to remove white heat marks from furniture. After boiling water had been sprinkled on our pet green tea wagon, which is finished in brushing lacquer, it looked as though it would have to be refinished as there were more white spots than green on the surface. Two generous applications of hot camphorated oil—ordinary drug store variety—applied with a flannel cloth brought back the color perfectly. A generous rubbing then made the finish almost as good as new. We have used this treatment for mahogany furniture with equally good results.

The Unknown Dead

(Stanzas in commemoration of the Unknown American Soldier, interred at Arlington Nov. 11, 1921.)

I am the numberless Unknown
Who have cast the shrouds of things that seem.

My grave is a planet's cornerstone,
Holding the ashes of a dream,
Whose sacrificial fire blazes from zone to zone.

I am the wretched child whom War
Hath rendered hapless, not in birth
But death, where the unseen hosts that pour
Libation on the blood-dark earth,
Intone through my mute lips the eternal:
Nevermore!

Yes, Nevermore! By that mystic name
Youth's hallow'd blood hath christened me—
Nevermore! Ye living, let it flame
The challenge of your destiny—
Nevermore! to pride and pestilence and hate
and shame!

War—Nevermore! O lives that pay
For liberation, make that will
Your watchword, till the thing ye say
Becomes the law your deeds fulfill:
Then I with Christ will rise in sanction from
my clay.

For I am dust of a deathless spark;
Unmastered engine self-enslaved;
The bullet-molder and his mark,
Shattered by dazzling creeds I shared
With you—and your own blindness muffles me
in dark.

But my dark shall have no need of the sun
Neither of the moon to shine in it,
If Christ His dawning Will be done,
And this my clay-bed shall be lit
By the stars that blanket me, if my last fight
be won.

Masters of life! On your decree,
Unknown and numberless, I wait
From war's earth-blind captivity
Untomb me! Let your love be late
And crown my risen youth with timeless
society!

—Percy Mackays.

**Good-bye
dingy looking roofs—
that discount home values!**

See This Beautiful Roof Today!

YOU would scarcely believe that the home it now protects, was built twenty years ago. Yet, just a few days ago the original roof was rated unsightly and a poor asset to its community. Actually it discounted the homes around it.

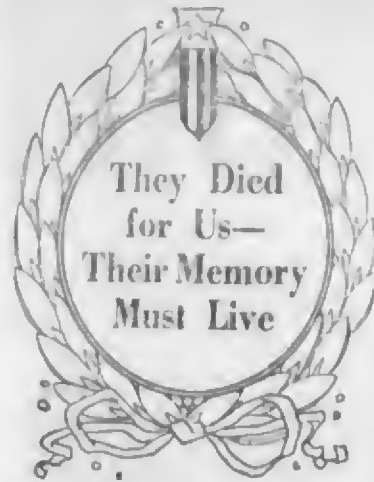

With this new Mule-Hide Roof, applied over the original worn shingles—fresh life is now put into the old home. The insurance rate too, is less as leading companies recognize the fire resistant quality of Mule-Hide.

Today this old home—re-roofed with Mule-Hide—would easily bring \$500.00 more than if the old roof remained. You too, can increase the comfort and value of your home by re-roofing.

Before you build or re-roof see us. We will quote you a complete price applied by reliable local contractors. Or sell just the material if you prefer to do the job yourself.

WILMOT SENIORS PRESENT CLEVER CLASS DRAMA

High School Teachers Are Employed For Coming Year.

The three hundred and seventy-five people who packed the gym Friday night to see the annual Senior class play, pronounced "What Happened to Jones" a success in enthusiastic terms. The comedy abounded in humorous situations, which were well brought out by the cast. Chief among those who performed unusually well were Norton Bassett as Jones, Wylanta Haggetty as Marjorie, and Bernard Hockney as Professor Goodly. Each member of the cast did exceptionally well and no small amount of credit should be given to Mr. Weigel, for his patience and hours of drill in making the production a success.

Plans are now being made for graduation week. Class day exercises will be held on Tuesday evening, June 5, and Commencement exercises Thursday, June 7. W. C. Perry of West Bend will deliver the address of the evening.

The Board of Education of the Union Free High School has announced the following teachers on the faculty for the coming year. Principal, C. J. Weigel will succeed J. E. Mulder as the latter resigned so that he may attend law school. Mr. Weigel came to Wilmot as a teacher of History and English in February 1923, having just received his B. A. degree from the University of Iowa. He has completed three and a half years of teaching, most of which has been spent in administrative work. He graduated from the LaCrosse State

Prof. C. J. Weigel

Teachers' College in 1924, with highest scholastic honors, and in the same year accepted a position as principal of the high school in Coon Valley, Wisconsin. During the years 1925-1927 he was head of the high school and grades at Trempealeau, Wisconsin, which position he left to earn his degree at the University of Iowa.

Mr. Weigel will teach History and Mathematics next year. Drucilla Elmgren will succeed Mr. Weigel in the English Department. Miss Elmgren has had ten years experience, the past six at Amery, Wisconsin, and she is a graduate of Silver Falls Normal.

Miss M. Hanson of the Commercial Department and Herlin M. Schnurr of the Agricultural Department need no introduction to the public as both have taught here very successfully the past two years or more. Their work has been of the highest order and the school board is to be congratulated on having secured their services for another year.

The staff for 1927-28 will have the longest teaching experience of any secured in recent years. The combined years of actual teaching by the four instructors will be between 25 and 27 years.

Fred Sherman returned last week from California where he spent the winter months.

Mrs. N. McGuire, Honora, Catherine, David and William McGuire and Leonard Cavanaugh motored out from Chicago for the week end at their summer cottage in Wilmot.

Earl Blood has been seriously ill and under the care of Dr. Becker. Arthur Holdorf and Mr. and Mrs. Harold Mickle spent Monday in Milwaukee.

Fred Frank has been very ill at the Kenosha hospital but is recovering nicely.

Agnes Nett was severely cut on the head following a fall last Saturday. Dr. Bennett of Burlington took care of the wound.

Mr. and Mrs. Frank Kruckman and Dale were in Crystal Lake and Ridgefield Sunday.

Mr. and Mrs. Alfred Reynolds were in Kenosha Sunday.

Mrs. J. Peterman of Kankakee spent the past week with her daughter, Mrs. James Buckley.

Mr. and Mrs. J. Nett with Mr. and Mrs. H. Nett and children motored to Fox Lake Sunday to call on Miss M. Tweed.

There will be Pentecost services in German at ten and in English at eight at the Lutheran church next Sunday.

Mr. and Mrs. R. Stoxen and children and Mr. and Mrs. Austin Stoxen called on relatives at Hampshire and Marengo Sunday.

Grace Sutcliffe was out from Chi-

cago for the week end with her parents.

Mr. and Mrs. Martin Anderson and Andy Werve of Kenosha called on Mr. and Mrs. Wm. Vollbrecht Sunday.

Wilmot won the fourth straight game when the team defeated Gena City 11-4 Sunday afternoon. Shubert Frank allowed one hit and struck out sixteen men in seven innings. He was followed on the mound by Geo. Richter in the last two innings. Richter allowed one hit and struck out three men. Vinc Felts had a perfect day at bat, with three hits and a walk in four trips to the plate. He also handled the pitchers in commendable style. Among the other players Shurr, Gagsin, and Richter featured with their hitting. Owing to the fact that McHenry has joined the McHenry County Baseball League management is attempting to book another game for this coming Sunday.

M. M. Schnurr of the Agricultural Department of the U. F. H. School and John Member were in Kenosha Saturday afternoon to attend a Club meeting held at the Court House. E. W. Buwick State Leader of the Boys and Girls Clubs addressed the meeting. The local club members met at the gymnasium Tuesday evening of this week.

Union Free High School

Wilmot dropped a baseball game to Antioch on the Silverlake diamond Friday by a score of 4-1. Costly errors and weakness at the bat cost Wilmot the game. Richter allowed but five hits and not a single Antioch run was earned. A game will be played with Richmond on Friday of this week at Silverlake.

The 1928 Echo will be circulated from the high school office this week. All who have purchased copies should present receipts at the high school office. A number of additional copies have been printed for the benefit of those who wish to purchase one. These likewise may be secured at the high school office.

Mrs. Al. Woolfson of Chicago is visiting at the home of Mrs. Maher this week.

Mrs. F. M. Handin, Mrs. R. J. Hooper and Mrs. A. Jensen attended the Women's club convention in Chicago last Thursday as delegates and alternates.

Dr. Mosby was transferred to a hospital in Minnesota, and started in at this new post Thursday. He is in the employ of the government for the disabled veterans of the World War, and has been in and near Chicago for some years. Mrs. Mosby will join him later.

Mr. and Mrs. Theodore Frazier enjoyed an auto trip into the Wolf River country in Wisconsin a week ago.

Mrs. Herman Wendland of Elmhurst spent last Tuesday with her sister, Mrs. Louie Kuschewski.

Mrs. Becker, who is living in Chicago with relatives, spent last week at her former home here.

Pupils are very busy practicing for the two operettas, "Peter Rabbit" and "Windmills of Holland" to be given at the school the evening of June 1. The operetta was good last year and you will enjoy these just as much.

We are glad to announce that Mr. Beckwith will remain with us as principal next year. Miss Scott will remain with us as teacher of 5th and 6th grades. Miss Norma Selora will teach grades 3rd and 4th in place of Miss Warner, who expects to attend art school next year and Miss Paich will remain as primary teacher. This assures us of our usual good school.

Miss Marvel was out from Evanston and attended a Sunday School board meeting on Monday evening at the Ballenger home. Plans are being made for the Daily Vacation Bible School in June.

Mr. and Mrs. W. Cook, Mr. and Mrs. R. Norton and Mrs. P. W. Gray and son of Chicago were Sunday guests of Mr. and Mrs. Paul Avery. Robert McKelvey is much improved.

Memorial Day.

"The most beautiful wreath we can lay on the grave of our dead, is the fruit wreath of good deeds done to others."

Antioch is a fine looking town. Are you helping to beautify it by fixing up your lawn this spring?

Although the jobs are not quite complete. The "Knot Hole News" takes great pleasure, at this time, in congratulating Mr. Bock, Mr. Sabin and Mr. Wallace upon the appearance of their new store fronts. These new improvements

reflect the "Spirit Ideal" of our local merchants. It shows that they have faith in Antioch. Let's show our appreciation of their efforts, by adopting the slogan "Buy in Antioch."

It is time to dig up the peas to see if they have sprouted.

of ten regular size Marivonne
BEAUTY REQUISITES

Why We are Giving these Valuable Coupons

Undoubtedly, you wonder how it is possible for us to give these valuable Advertising Coupons in connection with this exceptional manner of distributing these truly wonderful combination packages of regular size Marivonne Products. Each individual package is an original, genuine Marivonne Toilette Requisite. IT IS OUR METHOD OF ADVERTISING.

Instead of spending huge sums of money in Magazines, Newspapers and other means of advertising, the manufacturers believe that actual direct introduction of Marivonne Toilette Requisites into the home will have vastly greater advertising value than the spending of \$10,000 or \$17,000 for one insertion in some nationally known magazine or periodical. Instead of distributing their products through middle men with its attendant added expense, the manufacturers, as distributors of their own products, effect a great saving by bringing them direct to you.

The use of a product after all is what creates a satisfied and continuous customer. If we convince you of the merits of Marivonne you will tell your friends, and this word of mouth advertising thus gained is too valuable even to be estimated. This plan of advertising, therefore, results in a tremendous saving to us, which saving we enable you to enjoy with us by giving you these Advertising Credit Checks.

Guaranteed to Give Satisfaction or Money Refunded.

Test the 10 Marivonne Products that we are offering for \$1.98 and the coupon—if you are not satisfied your money will be refunded.

FINE SHOES

Located At 23 North Genesee Street In Waukegan Maintain An Establishment Where Your Family Physician And Other Medical Men Of Prominence Advise You To Make Your Footwear Selections Because Of The Fame That Their Shoes Have Attained As The Scientifically Correct Shoes For All Purposes—Truly A Progressive Establishment Offering Stylish Shoes Of Expert Workmanship And High Grade Material Which Are Scientifically Designed For Footease—They Maintain A Popular Fashion Shoe Department Offering The Very Latest Vogue In Footwear Of The Day—Complete Line of Fashionable Hosiery.

It is quite proper that in this review of the business interests of the county we give mention, prominent and meritorious, to the modern and progressive shoe store operated by this well-known firm.

The reason so many people have foot trouble is because they do not wear the right kind of footwear. The difference is in having a man fit your feet who knows just exactly what you need. If you will let them furnish your footwear you will always be correctly, stylishly and at the same time comfortably shod. This is one of the well-known, exclusive shoe stores of the community and they know this business in its every detail and from every angle.

The medical profession as a whole have realized the importance of correct shoes and heartily endorse Arch Preserver shoes for this reason. Footease requires more than the proper size of shoe. To protect your health you must wear shoes which are properly built and shaped in the process of manufacture. That is why medical men endorse Arch Preserver shoes.

They make a special feature of

their Fashion shoe department where other than medical shoes are offered. Here you will find the latest and most stylish footwear that answers all of Fashion's most recent demands.

The excellent qualities sold by this store at reasonable prices is the talk of the people. As a consequence hundreds of people have made this modern store their headquarters. The stock contains dress shoes, business shoes, play shoes of all kinds for the entire family. All styles and leathers are found here—the boot, the oxford, the colonial, the pump—If it's footwear they have it.

Style has not been overlooked by this progressive firm and by that we mean that they have always enjoyed the reputation of being first with each representative style of shoe that has become popular with the public. Just a little in advance of others, they display each season the styles and leathers that are to be popular and thus many have learned to look to them to learn "what's what" in correct shoes for any occasion.

Another feature of their service is the fact that their shoes not only insure you footease but also are de-

signed to correct the errors of shoes you have been wearing. If you have suffered from the wrong kind of shoes, their shoes will correct the error because they are famous for foot correction and comfort.

The personnel of this shop have made an extensive study of the shoe business. They are familiar with not only the retailing of shoes but with the customs and manufacturing trade, the wholesale and jobbing end of the business as well as the service part of the first-class retail store. They are shoe men from the feet up and there is no phase of the business that is not thoroughly understood by Chas. Jacobs in Waukegan.

Chas. Jacobs carries a shoe for every foot. In their stock will be found Hagan and Son, I. Miller, Foot-Joy Arch Preserver, Nettleton and Bostonian shoes. Also carry Corticelli and Allen "A" Hosiery.

In making this review we are glad to compliment them upon the position this store occupies in the business world and to say that they are making many of the people of this part of the state present an excellent personal appearance.—Advertisement.

SALEM LEGIONNAIRES TO HOLD POPPY SALE FOR DISABLED VETS

Fine Crowd Attends Dance Given by Auxiliary at Salem Hall.

The American Legion and Auxiliary of the Schultz-Hahn Post No. 293 will conduct a poppy sale in this community beginning May 26, which is poppy day. These poppies are made by disabled men who are in Government hospitals. The one cent they receive for making the poppy together with an extra quarter cent paid these men for attaching the Legion Auxiliary label adds materially to the income of those men who are unable to do any other work.

In addition, all profits made by this sale are used for the relief of disabled men and their families who are not in the hospitals and to bring comfort to those who are. We believe the citizens of this community will find a real satisfaction in buying poppies which enables the organizations to carry on their work and that they will take pride in wearing this little flower, which recalls so vividly the sacrifices made by the Americans in Flanders Fields. In reverence and understanding wear a poppy.

The Ladies Auxiliary of the Salem American Legion gave a card party and dance at the Trevor Community hall Saturday evening. Music was furnished by Mrs. Gevar. A good crowd attended.

Dr. Guy Hunkel who recently visited his grandmother, Mrs. Lucia Stoker, returned to his home in Baltimore. Bert Jarniko spent Sunday with his mother.

The Wilmet class play "What Happened to Jones" was well attended and several from here was there. Mr. and Mrs. Chas. Pease and Roscoe Pease and family called at the James Pease home Sunday.

Deias Pease and family of Racine and Mrs. Pease's two brothers from Pittsburg were callers here Sunday.

Rev. and Mrs. H. D. Stone of Lambertine, Wis., and daughter of Waupaca, Wis., spent the week end at the James Pease home.

Mr. and Mrs. E. Ripley of St. Francis called on friends here Sunday.

Cameron Van Wic, Mrs. Ruth Phillips and daughter are spending the summer at Paddock's Lake.

Mr. and Mrs. Grant Minnis of Kenosha called on relatives here Sunday.

First American Coinage

On April 2, 1792, the first United States mint was founded at Philadelphia. Only manual or horse power was used in the minting of coins until the year 1830, when steam power was first introduced.

"Trolleys"

Both French and German contain verbs resembling "trolley," and have the meaning of "rolling" or "rambling." The word "trolley" was coined in England, and was first used in the sense of a "land cart" and then of a "truck."

Beginning of Shorthand

Modern shorthand dates back to 1588, when Dr. Timothy Bright produced a system in London. The system of John Willis, however, published in 1692, was the foundation of all subsequent ones.

Plant of the East

The hyacinth was found originally in Greece and Asia Minor. It was not brought into western Europe until the beginning of the sixteenth century. Dutch horticulturists brought the hyacinth to its present stage of development.

**SHELL MOTOR OIL "stands up" and
protects your motor every inch of the way... no thinning out or
breaking down, no matter how mercilessly you force the pace.**

Ordinary oil cannot stand the pace on the open concrete highway. Hour after hour at top speed breaks down the "body" of poor oil until the motor is no longer protected against friction. Then come burnt-out bearings and other costly damages... heavy penalties to pay for using a carelessly chosen oil.

A Shell-lubricated bearing never burns out, for Shell Motor Oil has ample body for any emergency.

It is refined, by a special low-temperature process, from those crude oils which are naturally rich in lubricating properties... that is why it provides a tough, close-clinging film of lubrication for all moving parts, under all conditions.

Obtain your Shell Motor Oil when and where you buy Shell Gasoline. Shell yellow-red service stations and authorized Shell Dealers everywhere gladly give free crankcase service.

Gain in Flying Leads U. S. to Tighten Regulations

Washington.—Air traffic has increased to a point requiring the stiffening of federal regulations aimed at its control. In 1926 the Commerce department laid down the first set of rules for the air, intended to safeguard and facilitate commercial aeronautics, and it has now undertaken a revision of the original code, which will result in a more stringent set of provisions.

By the new rules aviation instructors will be required to have 200 hours' solo flying instead of 50 before training new pilots. Persons flying private planes must have ten hours alone in the air before obtaining their certificates. Pilots and mechanics must pass their examinations for licenses with a grade of 70 per cent in each subject instead of with an average of 70 per cent for all subjects.

At least two years actual experience in engine maintenance and repair will be required from engine mechanics. Explosives other than fuel may not lawfully be carried in airplanes, nor may drunken or drugged persons be taken up as passengers by a licensed pilot.

Pilots will be forbidden to undertake aerial acrobatics at any level under 1,500 feet, and they will be further forbidden from alighting or flying off from any public street or highway without special permission.

In order to make sure that pilots have retained their original competency, the new regulations will authorize the secretary of commerce to require any person seeking a renewal of aeronautical certificates to be re-examined if the step is considered necessary.

Back and Forth

New York.—Dr. Philip G. Penbody, seventy-two, retired lawyer, is on his 113th crossing of the Atlantic. In 36 years he has visited 43 countries. He plans his 114th crossing in July, his 115th in August and his 116th in November.

Churches

Methodist Church Notes

The service last Sunday morning was conducted by Rev. Bohl from Richmond, Ill. His sermon theme was "Cooperation" and he detailed this subject with examples of cooperation in the home, in school, in the community and in the church. Cooperation—not as Methodists but as Christian people. The choir most beautifully rendered the selection, "Send Out Thy Light," and Mrs. Lux and Mrs. Garland sang a duet. Rev. Bohl remarked on the cooperation of our choir in making the service more beautifully on Sunday mornings.

Miss Una Minto of West Africa lectured Sunday evening and had many interesting stories to tell the congregation of her work in the mission, of the life of the people, and of the religion of the people and their acceptance of the Christian religion. To illustrate her talk she brought along carved figures of the natives, each telling a phase of the life of the people. Some natives, who being accustomed to make figures of animals for the missionaries, were asked to carve figures of their own people and their efforts proved successful. Miss Minto was a teacher in the mission school and she told about the school life. That it was the boys who came to school in such numbers they were not able to accommodate them. The girls were persuaded by their parents the more easily to stay home.

Miss Minto, with a piece of cloth, similar to what the natives use, demonstrated how the native women wore their cloth, which was the only article they wore for dress. Without use of any pin or article used to fasten the cloth, she showed how they make it secure for the day, often fastening the baby on the mother's

back while she hoes the field.

The native women always do the field work but the men do not lead an easy life. They are the carriers, often carrying loads of 100 pounds on their heads for hundreds of miles at a time. They are not lazy people.

The people of Africa are very eager to learn of the Christian religion and all about the Bible. They want to go to school but the missions are not able to take care of one fourth of them. In Miss Minto's mission they had to turn away half of the boys who came to learn the ways of civilized people. Her plea was for us to help them to get this learning by sending our money to their aid.

Miss Minto has been on a furlough since last July and expects to leave soon for Africa. Many of her friends have given showers for her this past week.

Following the custom established for many years, the service in the Methodist church Sunday morning will be in the nature of a Memorial service, in honor of the soldiers of '61' for whom the day is set apart. Antioch has but few of the veterans left and it is expected that they will be present. The Legion and the

ladies of the Auxiliaries will act as guards of honor.

The D. A. R. will attend church in a body.

The evening service will be devoted to the measures before the General Conference in session at Kansas City where our pastor, Rev. A. M. Krabi sat in last week. He will bring to us a message from personal observation, that we might know the attitude of the church at large on the many memorials presented by the Annual Conferences throughout the world.

Plans are rapidly shaping themselves for the annual community Recognition service in behalf of the high school pupils and teachers. The service this year will be held Sunday evening, June 3, at 8 o'clock. The high school chorus and orchestra will provide the music.

Dear Sir:

Thirty cents a quart is a fair price for lubricating oil, refined from lubricating stocks for lubricating purposes only.

By paying thirty cents for Mobiloil you are sure of correct lubrication at all times.

If you pay less you may or may not get good results.

The decision is yours—so is the car—so, for that matter, are the repair bills.
